Gentlemen & Ladies

A very good morning to each of you

On behalf of the O.A.O.K.Rm.Family and The Trustees of The Arun Public Charitable Trusts, I take great pleasure in welcoming you to the Inauguration of the O.A.O.K.Rm.Arunachalam Chettiar Medical Building, Mithravayal and the A.C.Muthiah Primary Healthcare Centre, Mithravayal

As some of you here may know, my Family & I come from Pallathur. You may be wondering why a Pallathur Family wants to assist Mithravayal by opening a Medical Centre here.

My Family's Ancestors used to live right here in Mithravayal. Our Ancestors later moved from Mithravayal to Pallathur over 100 years ago. Having been located far from Mithravayal for long, since about 15 years ago, I made sure that my Family & I visit this Village regularly.

We are proud to visit Mithravayal, where our Ancestors lived. Not forgetting where you came from is a very important element in each of our lives. Each of us needs to always make it a necessity to come back to where we came from and importantly, assist Society in that area.

I wanted to provide social support to this Village, to honor my duty as the descendent. I thought long, and tried hard for ways to provide contributions that are in my capacity. Finally, it was in my Father-in-law Ooyer-Thiru Dr.A.C.Muthiah, that I found an answer.

I have seen his A.C.Muthiah Primary Healthcare Centres in many areas of Sivagangai District, being of great use to everyone living around. That was when I decided to construct a building, and have the ACM Medical Foundation expand to Mithravayal.

I searched an enormous number of areas to build this Medical Building for you. We could not find any good location that would be convenient to you. The search existed for 2 years. When we found the perfect spot that we are at now, we immediately bought the land and the result is the Building you see to your right. The reason is both unique and sentimental.

All we have now is satisfaction that my Family & I are contributing to the welfare of this Village, where our Ancestors came from. I have always had great respect for my Ancestors. Hence, with them in mind, I decided to name this Mithravayal Medical Building in honor of my Grandfather and in memory of my Ancestors' legacy

The Primary Health Care Center is a free Medical Center that also aims at providing social welfare to everyone. Be it child health or child birth, women's health, or general visits, the O.A.O.K.Rm.Arunachalam Chettiar Medical Building is for you & your Family's benefit. It is from the O.A.O.K.Rm.Family to yours.

Mahatma Gandhi once said, "Be the change you want to see in this world". This is a belief that my Wife, my Daughter, my Son, and I abide by. We want to see good things in this world, hence want to do good, and make a difference to others step by step

I request you to join us in keeping the goal of this Building that is to effectively support your Primary Healthcare needs, a priority. This Mithravayal Medical Building should always be maintained clean for your fellow Village residents to use.

To all the people of Mithravayal and its surrounding Villages, we look forward to this valuable Building fulfilling your Primary Healthcare needs. The purpose of this Building should continue the same way for future generations to come.

The O.A.O.K.Rm.Family and the Trustees of TAPCT are extremely happy that each of you attended today's Inauguration.

Before I end, I would like to recognize my Daughter, Selvi. Vilasini Meenakshi for having assisted in preparing my speech today. Thank you and best wishes.
